COPYRIGHT STATEMENT

PLEASE READ THE FOLLOWING AND SIGN BELOW:

The Library will place these materials on reserve based on the instructor's assertion that reproduction falls under "Fair Use" requirements in copyright law. This assumes, for example, that said reproductions do not constitute an excessive portion of the original work, nor are they excerpts from works explicitly commercial in nature (e.g., textbooks, workbooks, popular films/magazines, etc.). The faculty member requesting the placement of reproduced materials on reserve assumes liability for any resultant copyright infringement. Access Services staff may refuse to place on reserve any material when doing so obviously fails to meet the Fair Use criteria. Copyright permissions purchases are available upon request through the Circulation department.

I wish to claim Fair Use on the reproduced reserve items submitted on this form.
